<b>Publications included in package</b>	4X4 Off-Road Course – Workbook 4X4 Off-Road course - Trainee Assessment Forms		

## 4X4 'Professional Off Road Driving' - Assessment and Corrective Training

**CLVF04X****Instructor – Basic  
Registration Criteria**

Please refer to the Lantra Awards Instructor Information Pack.

**Instructor –  
Technical Skills  
Knowledge and  
Experience**

Individuals must have a proven track record of operator competence in the use of a range of 4X4 vehicles, in a wide range of off-road conditions.

**Instructor –  
Certification (If  
desirable)**

As operator assessment is an integral part of training, registered instructors will have to possess or be working towards TDLB units D32/D33. They must also possess a Lantra '4X4 Professional Off Road Driving' certificate (2 days) or Industry equivalent.

N.B. All 4X4 training must be conducted on a Lantra approved site. Instructors must have access to such a site. They must also own a 'popular' 4X4 vehicle suitable for training purposes and be able to accommodate three passengers, safely and securely. The vehicle should be 'near standard' showroom specification.
